FUND BALANCE AND CASH FLOW

North Carolina is required by statute to maintain a balanced general fund budget on an annual basis. The annual budget as appropriated by the General Assembly is considered balanced on a cash basis when the year-end fund balance is greater than zero.

During the fiscal year fund balance is calculated by adding the beginning available cash basis fund balance to revenues collected and subtracting expenditures. The fund balance calculation is one of several tools used to evaluate how well the annual budget is being managed and to project whether or not funds will be available at year-end to satisfy the statutory requirement of a balanced budget.

The following graph demonstrates wide fluctuations in fund balance during the year. In an examination of fund balance it should be noted that expenditures occur on a fairly consistent basis throughout the fiscal year, while revenues tend to be lower in the first half of the fiscal year.

- reimbursements for costs of administration of sales and use tax for local governments; and
- transfers to the Public School Building Capital Fund and Critical School Facility Needs Fund.

Smith v. State – Intangibles tax refunds to non-protesting taxpayers. On February 21, 1996, the U.S. Supreme Court declared North Carolina's intangibles tax unconstitutional. Subsequently, the State made refunds of intangible taxes paid by all persons who had complied with the provisions of G.S. 105-267, Taxes to be paid; suits for recovery of taxes, for obtaining refunds of unconstitutional taxes. The Smith case is an action aimed principally at recovering intangibles tax refunds for taxpayers who failed to comply with the provisions of G.S. 105-267. On December 4, 1998, the Supreme Court ruled that North Carolina will have to pay refunds to non-protesters who paid intangibles taxes. This case was consolidated with Shaver v. State, another action for refund of intangibles tax paid on shares of stock. The consolidated case was settled and the agreement required the State to pay \$440 million into a settlement fund in two installments, \$200 million by October 1, 1999, and \$240 million by July 10, 2000.
